

THE CHALLENGE

The SVX FUNDED Challenge is a two-phase evaluation designed to identify consistent, disciplined, and profitable synthetic index traders. There are no time limits, no style restrictions, and no geographic limitations. Traders are free to operate at their own pace — success is based purely on performance and rule compliance.

1. PHASE STRUCTURE

Phase	Profit Target	Max Drawdown	Time Limit
Phase 1	8%	7%	Unlimited
Phase 2	5%	7%	Unlimited
Phase 3	Up to 7% profit per payout cycle	7%	Unlimited

2. RULES OVERVIEW

To pass the challenge and qualify for a funded account, you must:

- Hit the required profit target without exceeding 7% drawdown
- Respect the minimum of 5 trading days per phase
- Avoid rule violations such as stacking, scalping under 5 minutes, or hedging
- Operate under the percentage rule for consistent profit distribution
- Use only EAs if automating; no latency-based or malicious bots

3. TRADING FREEDOM

- ✓ No restrictions on IP address or country
- ✓ No style limitations (scalping, swing, intraday, manual or EA)
- ✓ Trade synthetic indices 24/7, including weekends
- ✓ Fully compatible with MT5 platforms

4. ACCOUNT SIZES & PRICING (Launch Prices)

Account size	Launch Prices (USD)	Normal Prices (USD)
\$5,000	\$45	\$70
\$10,000	\$85	\$120
\$25,000	\$160	\$230
\$50,000	\$305	\$450
\$100,000	\$610	\$890

Each user may purchase up to a combined total of **\$400K** in accounts.

5. SCALING & PAYOUTS

Once funded, traders can:

- Withdraw profits starting at 60% payout, increasing up to 90%
- Scale their accounts over time up to \$2,000,000
- Request payouts every 14 or 5 days (see payout policy)

6. WHY THIS CHALLENGE?

- ☒ No deadlines
- ☒ Real profit share
- ☒ Instant funding after passing
- ☒ Freedom to trade your way
- ☒ Specialized in synthetic indices only
